Artist Kala Stein will introduce Frey's work in the di Rosa collection and help contextualize it within the world of ceramics while exploring the technical aspects of how she made her impressive larger-than-life sculptures.

After introducing the artwork, participants will break for lunch and have the remainder of the afternoon to make their own clay creations. Slab and coil techniques will be presented to encourage an effective, expressionistic approach to building with clay. Each participant will make their own sculpture that will be fired in Kala's Sonoma studio and will be available for pick up at di Rosa 3 weeks following the workshop.

[Bacchanal: 25th Anniversary Celebration & Auction](#)

Saturday, December 3
6 pm cocktails | 7 pm seated dinner | 8 pm auction
gallery 1 | [tickets available online](#)

On Saturday, December 3, 2022, join us for Bacchanal, a night of revelry celebrating di Rosa's 25th anniversary. The party will start with cocktails and a silent art auction with works by notable Northern California artists. The seated dinner will feature tributes to our honorees and a live auction of art and experience.

Honoring Eleanor Coppola and Lynn Hershman Lesson for their significant contributions to art and culture in Northern California and beyond.

The event's fund-a-need effort will raise support to bring the di Rosa collection home. The majority of di Rosa's permanent collection was moved offsite in recent years. This move was in part because of the 2017 fires, which damaged a storage facility that housed some of the collection, along with hundreds of works in the Residence Gallery. Offsite storage comes at a considerable cost to the organization. Bringing the collection home will enhance di Rosa's ability to organize exhibitions, loan artwork to other institutions, and provide educational access to students and scholars. More information about the fund-a-need, including a [link to contribute](#) can be found [online](#).

[True North](#)

Friday, December 16

True North – a juried exhibition celebrating from the North Bay running December 16, 2022 – January 15, 2023. di Rosa Center for Contemporary Art of Napa is inviting artists living and working in the North Bay to submit artwork for our inaugural showcase of local artwork True North. Sonoma, Napa, Marin, and Solano counties seem to lie on the periphery of the Bay Area art world— this juried exhibition compels us to de-center that view, showcasing compelling and provocative work emerging from the region's northern outposts.
