Art & Nature Assistants report to the Manager of Education & Civic Engagement and are supervised by Camp di Rosa's Art & Nature Instructors. Assistants are responsible for helping Instructors with visual art and nature lessons, camper supervision and group management. The position works with staff to ensure the smooth and safe implementation of exciting and innovative lessons that are fun, informative, and inspire the creative potential in participants. Visual art lessons utilize media such as paint, clay, and printmaking, and are generated from artworks and ideas on view at di Rosa; nature lessons involve activities such as fishing, archery, bird watching, hiking, plant and flower identification.

Protected in perpetuity under the Napa County Land Trust, the site features multiple galleries, a sculpture park, and a 35-acre lake, all located on 217 scenic acres in Napa Valley's famed Carneros region. di Rosa originated as the vision of Rene di Rosa (1919-2010), a prolific collector whose famed vineyards enabled his development of a world-class art collection. Together with his wife Veronica di Rosa (1934-1991), he used the sale of his vineyards to build an "art park" for the greater public. The organization was incorporated as a nonprofit public trust in 2000.

Today di Rosa presents contemporary exhibitions by Bay Area-based artists and an array of educational programs for all ages, in addition to maintaining a permanent collection of notable works by artists with ties to the Bay Area from the mid-twentieth century to the early 2000's.
